Retrospective

What did we do well?

1. Fun included !
2. Wireframes available on time
3. Skype used extensively to bridge the gaps

What should we have done better?

a. Quality of the build can be better
b. Coordination between Front End - Back End releases to achieve the common goal
c. Sprint deliverables to be on the integration server for QA to test
d. Inform any server deployments ahead to QA
e. Unit testing to be done hand in hand along with feature development
f. Release notes to be included

Action Items

Carry forwarded:

- [x] Peer review if Koti/Shiva not available
- [x] Add one more resource in Front End
